About Me

▪**Junior Front-End Developer** With A Solid Foundation In JavaScript, React.Js, And Modern Web Technologies. Currently Focusing On Building Clean, Responsive, And Scalable Web Interfaces While Improving My Skills In React And Next.Js.
Worked For Over One Year In **UI/UX Design**, Gaining Strong Understanding Of User Experience, Component Structure, And Interface Usability. This Helps Me Create Front-End Features That Are Both Functional And User-Centered. Motivated, Fast Learner, And Constantly Improving Through Hands-On Projects And Continuous Learning.
